Statement Date: November 30, 2022

SHAWN A. LATTA

This is an example of an old copy of an Active Annual Enrollment confirmation of benefits.

It is pretty simple - just a chart of what I chose and what I didn't choose. Some of the $0.00 display plans were plans my company chose to provided us for no cost. Other plans I chose not to enroll in.

One thing to note about the Employee Basic Life. Not shown is the imputed income that is reflecting in my W2 form each year.
